- **Not All Roads Lead to Heaven | Vicki Page**

How do we share an EXCLUSIVE Jesus in an INCLUSIVE world without watering down the message? If you want to confidently and compassionately share the one and only true way of salvation, or if you simply need to restore your confidence in the gospel message, you will want to attend this group. We will watch Dr Robert Jeffress on DVD whose program Pathway to Victory can be seen daily on TBN.

- **First Responders | Kyle Plussa**
Every Tuesday @ 7pm | Pets in Home

This connect group provides First Responders with an important outlet to discuss their past week at work and at home, so one doesn't affect the other in a negative way. We will also talk about how the Word applies to our service in God's Creation as we navigate the complexities of serving as peacemakers for Christ and society.

- **I said this. You heard that. | Ken Hempel**
Every Tuesday @ 5:30pm

We have all said something that has been mis-understood. Based on Paul's letter to the Ephesians 4:29 we may learn to use our words to benefit others.

- **A Night of Q & A | Karen LaFollette**
Every Other Tuesday @ 6:30pm | Childcare Provided

What does the Bible say about _____? We are to look to God's Word to find the answers to any question and how it relates to the world we live in. From the simple to the challenging questions, this group will grow together through discussions and fellowship.

- **Parenting Through the Phases | Pastor Paul & Maria**
Every Other Tuesday @ 6:30pm | Childcare Provided

You have approximately 936 weeks from the time your child is born until he or she graduates from high school. It goes by fast, and kids change and grow quickly. It's as if they shift or move on just as you begin to figure them out. It can make the responsibility to shape a child's faith and character feel overwhelming. This phase-guided study will help you discover what's changing about your kid over the next 52 weeks, the six things your kid needs most, and four conversations to have with your kid while they are in each phase.
